

Stacked bar chart showing the percentage of population in different population density categories for four time periods: Up to 1050, 1050 to 1660, 1660 to 2350, and 2350 and more. The categories are: 0 to 100 people per square mile (yellow), 100 to 200 (orange), 200 to 300 (red), 300 to 400 (purple), 400 to 500 (dark purple), and 500 and more (black).

Population Density Category (People / Square Mile)	Up to 1050	1050 to 1660	1660 to 2350	2350 and more
0 to 100	~10%	~10%	~10%	~15%
100 to 200	~10%	~10%	~10%	~5%
200 to 300	~5%	~5%	~5%	~5%
300 to 400	~30%	~30%	~30%	~40%
400 to 500	~5%	~5%	~5%	~5%
500 and more	~40%	~30%	~40%	~15%
